The book is divided into three parts. Part I provides an overview of the law of damages in EU public procurement law. It examines the different grounds for seeking damages, including breach of contract, breach of statutory duty, and tortious interference with contractual relations. It also discusses the different types of damages that can be awarded, including compensatory damages, punitive damages, and injunctions.

Part II of the book examines the procedures for obtaining damages in EU public procurement law. It discusses the different types of proceedings that can be brought, the different types of evidence that can be adduced, and the different remedies that can be awarded. It also considers the impact of the recent EU Damages Directive on the procedures for obtaining damages in EU public procurement law.

Part III of the book considers the impact of the recent EU Damages Directive on the law of damages in EU public procurement law. It examines the different provisions of the Directive and their impact on the law of damages in EU public procurement law. It also discusses the challenges that will need to be addressed in Free Download to implement the Directive effectively.

This book is a valuable resource for anyone who is interested in the law of damages in EU public procurement law. It is a comprehensive and up-to-date analysis of the law in this area, and it provides a valuable insight into the challenges that will need to be addressed in Free Download to implement the EU Damages Directive effectively.
