By Jessica Valenti

Motherhood is a complex and often misunderstood experience. It can be a source of great joy and fulfillment, but it can also be a source of stress, anxiety, and even depression. In her groundbreaking book, *Little For Mothers And The People Who Love Them*, Jessica Valenti challenges the traditional view of motherhood and offers a more nuanced and realistic understanding of what it means to be a mother.

Valenti draws on her own experiences as a mother of two young children, as well as interviews with other mothers, to explore the many challenges and rewards of motherhood. She writes about the joys of watching her children grow and learn, but she also writes about the challenges of dealing with sleepless nights, tantrums, and the constant worry that comes with being responsible for another human being.

Valenti's book is not just a memoir or a parenting guide. It is also a call to action. She argues that we need to change the way we think about motherhood and the way we support mothers. We need to recognize that motherhood is not a one-size-fits-all experience and that there is no one right way to be a mother. We also need to do more to support mothers, both emotionally and financially.

Little For Mothers And The People Who Love Them is a must-read for all mothers, as well as for anyone who wants to better understand the experience of motherhood. It is a powerful and important book that will change the way you think about motherhood.

Praise for *Little For Mothers And The People Who Love Them*

"Jessica Valenti's book is a much-needed and honest look at the complex and often contradictory experience of motherhood. She writes with wit, wisdom, and compassion, and her insights will resonate with mothers everywhere."

- Rebecca Traister, author of *Good and Mad: The Revolutionary Power of Women's Anger*

"Valenti's book is a powerful and moving exploration of motherhood. She writes with honesty and vulnerability about the challenges and rewards of raising children, and her insights will be invaluable to any parent."

- Anne Helen Petersen, author of *Can't Even: How Millennials Became the Burnout Generation*

"Jessica Valenti's book is a must-read for anyone who wants to understand the experience of motherhood. She writes with intelligence, humor, and compassion, and her insights will change the way you think about motherhood."

- Roxane Gay, author of *Bad Feminist*
