Live Immersively in the Moment

Children learn best when they are fully immersed in their experiences. "Learning By Design Live Play Engage Create" encourages parents and educators to create environments where children can explore their surroundings, connect with others, and make meaningful discoveries.

From setting up nature play areas to creating cozy reading nooks, the book provides countless ideas for cultivating a playful and stimulating atmosphere where children can thrive.

Play Purposefully to Foster Learning

Play is not just about fun and games. It's a powerful tool for learning. "Learning By Design Live Play Engage Create" emphasizes the importance of purpose-driven play that supports children's intellectual, social, emotional, and physical development.

The book offers practical strategies for integrating play into all aspects of early childhood education, including math, science, language, and art.

Engage Actively to Build Relationships

Children learn best when they are actively engaged in their learning experiences. "Learning By Design Live Play Engage Create" encourages parents and educators to engage with children on a deep level, fostering positive relationships and creating a supportive and nurturing environment.

Through active listening, open-ended questioning, and playful interactions, children feel heard, valued, and motivated to learn.

Create Meaningfully to Express Understanding

Creativity is essential for children's development. It allows them to express their thoughts, feelings, and experiences in unique and meaningful ways. "Learning By Design Live Play Engage Create" emphasizes the importance of providing children with opportunities to create and innovate.

From drawing and painting to building and inventing, the book offers a wealth of ideas for encouraging children's creativity and fostering their sense of self-expression.

Transform Your Early Childhood Education

"Learning By Design Live Play Engage Create" is an indispensable resource for parents and educators who are committed to providing children with a rich and rewarding early childhood education. This groundbreaking book offers a wealth of practical strategies, inspiring insights, and thought-provoking ideas that will transform your approach to early learning.

Invest in the future of your child and unlock their boundless potential with "Learning By Design Live Play Engage Create." Free Download your copy today and embark on an extraordinary journey of play-based learning.

Kathy Hirsh-Pasek, Ed.D., is a leading authority on early childhood education and the director of the Infant Language Lab at Temple University. She is the author of several award-winning books, including "Einstein Never Used Flash Cards" and "Becoming Brilliant."
