In her captivating book, "Puddingstone Franklin Park," local author Becca Fisher takes readers on an immersive exploration of this natural treasure. Through her vivid descriptions and enchanting storytelling, Fisher brings the park's vibrant landscapes, diverse wildlife, and fascinating geological formations to life.

A Walk Through Time

The history of Puddingstone Franklin Park begins millions of years ago, when the area was covered by a vast glacier. As the glacier receded, it left behind a unique geological formation known as puddingstone, a conglomerate rock composed of pebbles and sand. This distinctive rock gives the park its name and forms the foundation of its rugged beauty.

Over the centuries, Puddingstone Franklin Park has witnessed the rise and fall of civilizations. Native American tribes once hunted and fished in its forests, and settlers later established farms on its fertile land. In the early 20th century, the park was acquired by the city of Columbus and transformed into a public treasure.

Exploring the Enchanting Landscapes

Today, Puddingstone Franklin Park encompasses over 200 acres of rolling hills, sparkling streams, and lush forests. Visitors can choose from a network of hiking trails that wind through the park's diverse ecosystems, offering breathtaking views and opportunities for wildlife encounters.

The park's enchanting landscapes are home to a variety of plant and animal species. Visitors can spot white-tailed deer grazing in the meadows,

hear the melodious songs of birds hidden in the trees, and catch glimpses of turtles sunning themselves on logs in the streams.

A Haven for Wildlife

Puddingstone Franklin Park is a sanctuary for wildlife, providing habitat for a wide array of birds, mammals, reptiles, and amphibians. The park's ponds and wetlands are home to a variety of waterfowl, including ducks, geese, and herons. Visitors can also observe owls, hawks, and other birds of prey soaring through the skies.

The park's forests are inhabited by a variety of mammals, including squirrels, rabbits, and raccoons. Visitors may also be lucky enough to spot

white-tailed deer, coyotes, or even bobcats in the more secluded areas of the park.

A Place of Inspiration and Renewal

Beyond its natural beauty and wildlife, Puddingstone Franklin Park is also a place of inspiration and renewal. Visitors can find solace in the tranquility of its forests, find inspiration in the park's unique geological formations, and connect with nature on a deeper level.

The park offers a variety of amenities that enhance the visitor experience, including picnic areas, playgrounds, and a dog park. Visitors can also

attend educational programs and workshops hosted by the park staff, which focus on the park's history, ecology, and wildlife.
