Benedict Arnold

Arnold was one of the most successful American generals in the war, but he later defected to the British side. He was a brilliant military strategist, but he was also hot-tempered and ambitious.

Nathaniel Greene

Greene was another outstanding American general. He was a master of logistics and supply, and he was able to keep his army in the field even when it was outnumbered and outgunned.

Daniel Morgan

Morgan was a legendary rifleman and guerrilla fighter. He was known for his daring raids and ambushes, and he played a key role in several important battles.

Henry Knox

Knox was the chief of artillery for the Continental Army. He was a skilled artilleryman and engineer, and he played a key role in developing the American artillery arm.

Thomas Gage

Gage was the commander-in-chief of the British forces in North America at the outbreak of the war. He was a career soldier, but he was not a particularly skilled general.

William Howe

Howe was the commander of the British army in New York during the first half of the war. He was a competent general, but he was also cautious and indecisive.

Henry Clinton

Clinton succeeded Howe as commander of the British army in New York. He was a more aggressive general than Howe, and he was able to capture Charleston and other important cities.

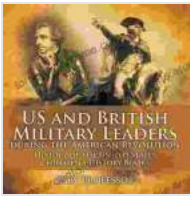

John Burgoyne

Burgoyne was the commander of the British army that invaded New York from Canada in 1777. He was a skilled general, but he was also reckless and overconfident.

Charles Cornwallis

Cornwallis was the commander of the British army that invaded Virginia in 1781. He was a brilliant general, but he was also outnumbered and outmaneuvered by Washington.

The American Revolution was a complex and bloody conflict, and it was fought by some of the most brilliant military minds of the era. This book tells the stories of these leaders, from their early lives and careers to their roles in the war and their legacies. It is a fascinating and informative read for anyone who wants to learn more about this important period in American history.
