Seshat was one of the most important gods in ancient Egypt. She was the daughter of the sun god Ra and the wife of the god Thoth, who was the god of wisdom and magic. She was also the patron of scribes, who were the highly respected writers and record keepers of ancient Egypt.

Seshat was often depicted as a woman with a papyrus scroll in her hand, and she is often seen wearing a headdress with a feather pen attached.

She was also associated with the seven sacred scarabs, which were said to represent the seven virtues of a scribe: truth, justice, wisdom, eloquence, clarity, precision, and secrecy.

I have found that working with Seshat can be a powerful way to improve my writing skills. She has helped me to become more creative, more organized, and more confident in my writing.

If you are a writer, I encourage you to connect with Seshat. She can help you to unleash your inner scribe and write your best work.
